FOR OFFICE & HOME

GD20

LCD/TFT Wall Mount with rotate, tilt, and swivel support

GD20 is an universal, adjustable wall mount bracket for 14-22” LCD/TFT monitors.

Installation is very easy: After the VESA mounting head is attached to the back of the screen the whole united is hooked on the wall plate.

It is VESA standard compliant with VESA® FDMI™ standard 75x75mm and 100x100mm*. It enables pivot, swivel and tilt of the monitor. The pivot feature enables 360 degrees rotation for landscape or portrait viewing.

A security screw protects the screen in its position.

*The optional component GDA1 provides a 200x100mm mounting interface.
